CHBA ANNOUNCES MEMBERS OF NET ZERO ENERGY HOUSING COUNCIL

An Action Plan for Net Zero Energy Housing in Canada Moves Forward

Ottawa, ON – On December 9, 2014 the CHBA Board Executive Committee approved the 2015 members of the Association's Net Zero Energy Housing Council (NZE). The NZE supports innovation in our industry with the goal of creating a market advantage for builder and renovator members pursuing Net Zero Energy performance. The Council's work will help to meet the housing aspirations of Canadians, and renew Canadian leadership in high performance housing.

The CHBA is proud to recognize the Founding Members of the Net Zero Energy Housing Council:

Consistent with the CHBA Strategic Priority to Advance Innovation, the mandate of this self-funding Council is to deliver services that will support members' voluntary adoption of Net Zero Energy (NZE) housing. Members were selected for their demonstrated competence and experience in NZE or R-2000 Housing as well as their knowledge or capability in specialized areas important to the advancement of NZE Housing.

ABOUT

Since 1943, the Canadian Home Builders' Association has been "the voice of Canada's residential construction industry"—one of the most vital and enterprising industries in Canada. Representing more than 8,500 member firms across Canada, CHBA members represent every part of Canada's housing industry - home builders, renovators, land developers, trade contractors, product and material manufacturers, building product suppliers, lending institutions, insurance providers, service professionals and others.
